Joe Cooper, manager of Oak Valley Ranch near Athens, is shown with the two Santa Gertrudis bulls

and a heifer that will make up the ranch's get-of-sire progeny of Denver 421, Oak Valley's first herd sire.

Dedmon's Oak Valley Ranch Breeding For New Santa Gertrudis Out-Cross

Athens — Oak Valley Ranch, owned by C. B. "Burt" and Eleanor Dedmon, and managed by Joe Cooper, is trying a couple of experiments which are proving successful in their Polled Santa Gertrudis breeding program.

First they started by purchasing some of the best horned Santa Gertrudis cows they could find and then began breeding to Polled bulls to produce a new Polled bloodline that would offer an out-cross to the breed.

Then they started taking "loose-hided" cows and breeding to tight-skinned bulls, and vice versa, to produce an animal that would be reasonable loose-hided for fast growth and size, yet would have a smaller sheath—one of the main objectives of most Santa Gertrudis breeding programs in recent years.

"We believe we are being successful with both programs," Dedmon said.

One of their first bulls is Denver 421, bought from Buddy Fogleson's Forked Lightning Ranch at Pecos, N.M., whose sire was jointly owned by Forked Lightning and Winrock Farms, Morrilton, Ark.

Ranch manager Joe Cooper, who owned his own Santa Gertrudis herd in Georgia before going to the Centerville Farms at Warrenton,

Val., as cattle manager, says "Santa Gertrudis genetics are not locked in since the breed is only about 50 years old, as are some of the older breeds, and we believe these breeding programs will produce new genetics that will benefit the Santa Gertrudis breed in general."

Dedmon, whose wife calls a perfectionist, believes that his breeding program will take at least twelve years to perfect — then "I'll just be ready to really get started with it."

In the meantime, it has worked well enough that bulls and heifers from his ranch have already done well, especially in get-of-sire categories in several Santa Gertrudis shows in Texas and Louisiana.

He and Cooper are now grooming two bulls and a heifer for this fall's show circuit in which they place much confidence. One of the bulls weighed 1100 pounds and the other 1,115 pounds on their first birth day. The half-brothers and half-sister all sired by the "Denver" bull will be entered in get-of-sire competitions.

Dedmon, who owns an aircraft engine parts manufacturing company, makes about 1,500 parts for business

aircraft, in addition to operating the highly improved Oak Valley Ranch. He has served as president of the Polled Santa Gertrudis Association, which was formed about six years ago, says that association's membership more than doubled in the last two years and has become one of the fastest growing breed associations, especially in Texas, Missouri, Alabama and Tennessee, where the polled cattle are rapidly gaining popularity.

"We can easily see that the Polled cattle just bring more money in the market place, and we believe that their popularity will continue to grow rapidly," Dedmon said.

Association News

By JOYCE HOLLIS

Once again Kerrville and Fredericksburg will host "Brangus Days in the Hill Country," Wednesday, June 1 to Saturday, June 4. Wednesday's activities are: TBBA Jr. Brangus Meeting and TBBA Jr. Board of Directors Meeting, 7 and 8 p.m., Gillespie County Fairgrounds, Fredericksburg.

Thursday, June 2, The TBBA Summer Meeting and Board of Directors Meeting will be held at the Sunday House Motel, Kerrville, 9 a.m. until noon.

The afternoon activities will once again be at the Gillespie Co. Fairgrounds starting with an IBBA Inspection Seminar at 1:00 p.m. The Jr. Futurity will get under way at 4 p.m. At 6:30 p.m. F & F Cattle Co. will host their annual Calf Fry at Louisa Hays Park, Kerrville.

OBBA Field Day May 29 Announced

The Oklahoma Brangus Breeders Association will sponsor their Annual Field Day Sunday, May 29, 1977, at W. A. Musgrove's Bar A Ranch, Bokchito. The ranch is located five miles south and approximately 11 miles east of Durant on State Highway 70E.

Plans for the day include an International Junior Brangus Heifer Show, open to any Junior Brangus Breeder. No advance entry is required. The classes of Brangus heifers will be shown. Premiums have been established and trophies will be awarded. Curly Corbin, well-known Angus breeder of Pittsboro, Oklahoma, will judge the show. Mrs. LaDonna Marshall, Marshall Star Brangus, Box 5, Box 432-A, Shawnee, may be contacted for further information on the show.

A judging contest for 4-H and FFA members is under the direction of Burgin, Oklahoma. A registered Angus half, donated by FFA, will be judged. Trophies will be awarded to the high point individual of the species. OBBA to the first and second place teams. 4-H and FFA advisors should have information on this contest, or contact Mr. Burgin, Box 204, Oklahoma, for further information.

Dr. Travis Rich, Livestock Specialist, Oklahoma State University, will be the guest speaker. He will discuss the Beef Test Center at OSU. Activities will begin at 10 a.m.

On May 21, Krist Hubert Brangus will have their Annual Production Sale at Uvalde, Texas. On March 26, Ludwig and Judy Brand held their "Sale of Stars." The total lots averaged just over \$1,400. Top selling female went to Clayton Williams, Ft. Stockton, Texas for \$5,100. High selling bred female went to Billy Harry, Sulphur Springs for \$3,100. Top Open Heifer went to J. W. Hastings, Wichita Falls for \$3,200. Twenty-two averaged \$1,651. 31 bred females \$1,406 and 20 open heifers \$1,184. Volume buyer was Plum Creek Ranch, Fairfield, Texas.

On April 2, Drinkman Beef Cattle Co. held their 1/4 blood Brangus Sale with an average \$1,000 on 11 total lots. 21 1/4 blood bulls averaged \$3,007; 1 1/4 blood pair avg. \$845. 45 1/4 blood open heifers \$61 half-blood bulls, 2,042 3/8 blood heifers \$1,244; 14 Angus pair \$156. 68 bred Angus \$580.

Home will be open for reservations as soon as possible. Kerrville activities. Please make reservations as soon as possible.

Quarter Interest In "Tom-Tom" Feature Of Hastings 1st Production Sale April 30

J. W. Hastings Ranch, owned by Mr. and Mrs. Hastings, Windthorst, Texas, will host their first Brangus Production Sale at the ranch located 7 miles south of Windthorst on Saturday, April 30 at 1 p.m.

The Hastings registered Brangus herd was started with 25 bred heifers and 2 yearling bulls, all bought in 1970 at the Yuma Valley Co. Brangus Dispersal in Arizona. All were Blue Duke breeding and most of the females are still producing in the herd, along with one of the bulls. Shortly after buying these females, Hastings started looking for a herd sire. He found just that in Rocky Joe 197 "Tom-Tom" bought from Willow Springs Ranch, Burton, Texas, in 1971. His Tom-Tom is presently the only 100% Brangus Certified Meat Sire. He has also sired many show winners, including Mr. Tom-Tom 38/3, the 1975 International Brangus Breeders Futurity Champion. A 1/4 interest in WSR Rocky Joe 197 "Tom-Tom" and Mr. Tom-Tom 38/3 will sell in the production sale April 30.

Let Sampson Be Your Herd Sire For 1977

SAMPSON
1/5/76 - 2,400 Pounds

SAMPSON is a genetically stable fourth generation Brangus with his great size and quality "locked in" due to his intense line breeding - being quadruple bred to the original Sir Carson 75.

Semen from Sampson is available from your local ABS representative. There is a \$50.00 signing fee payable to Theldick Brangus Farms at the time of the registration of each calf.

Rocky Joe 197 "Tom-Tom" has sired the high selling bull at the Sealy Brangus Bull Sale, selling for \$4,000; Top of Texas Brangus Sale \$3,500; and 2nd high selling bull at the Pan-American Classic for \$7,100.

Other herd sires used on the over 100 registered Brangus cows are Mr. Tom-Tom 68/2, a son of Rocky Joe 197 "Tom-Tom," and P. W. Georgia Boy 320/2.

Presently, all the registered cattle are running on 1,000 acres of native range land located at the headquarters. Hastings also runs

225 commercial Brangus cows on about 2,300 acres. Both ranches are taken care of by Deck Bevers, foreman.

Also selling in the production sale April 30, are 28 herd sire prospects, many sons of Tom-Tom. (CONT. ON PAGE 10)

Our Girl Friday . . .

By ANN SYLER

I sometimes make rash promises — at times delivering and other times I'm not so sure about — and did it again this weekend. As we were almost literally being washed away in the rain that fall Thursday, Friday, Saturday and Sunday the telephone rang and it was a friend from Missouri. They're still far, far behind in rainfall and need it desperately, so I told him it was on its way an we here in Texas had had sufficient for the time being and were sending it on. I made two stipulations, however, this is only a loan; and they are to keep their own to themselves.

We flew out of Austin a couple of weeks ago to Missouri in 75 degree weather, landed up there just a scant 8 hours later in snow flurries, which turned to quite a bit of snow by the next day, and we were certainly not properly clothed for each. Matt finally borrowed from a 2 year old boy a wool "Pinto" cap.

It has been several months since I have added any "little quotes" to this column like I do from time to time and everyone seems to enjoy, so here goes with a few more. I have been saving this one for several months, waiting for just the right circumstance to use it, but since no such circumstance has seemed to occur I'll just throw it in. "This is one of those times when my over is truly whelmed!" (I hope there's someone who has just read this that will think "that's just what I was trying to say.") Now this next one I don't have

to have a special circumstance for, it happens around this place daily! "We've done so much for so long with so little that we feel like we can do anything with nothing at all in no time that." Ready for some more? "You may be on the right road, but if you just sit there, you'll get run over" and then this other "road" one — "It's always easy to thumb a ride on the road to ruin." And, in the same vein, "simple medicine — get busy." To put an end to this for today, remember "A smile costs nothing."

I have found that without fail our Brangus breeders practice the last of these — they are very quick to use their smiles — and you can't say to them "get busy" as that's the way they stay! Here's the schedule all you Brangus folks have to meet in the next few weeks: Saturday, April 28, Bluebonnet Broadacre Inspection Seminar at Lahman's Brazos Valley Brangus, Simonton; April 30, J. W. Hastings Sale at Windthorst, Texas; May 7 the Inspection Seminar for Pines & Plains Breeders at Premier Brangus, Longview; May 14 at Dadeville, Missouri for Regal Land & Cattle JK Brangus "Show-Me" Sale; May 21, Krist Hubert's "Show-Me" Second Production Sale, Uvalde.

No one can accuse us of "junk sitting" there and taking a chance on getting run over!

NEWS about LIMOUSIN

Around The Limo Loop

By: KEN HOLLOWAY & BRUCE BROOKS

We are happy to be able to cooperate with the Weekly Livestock Reporter in sharing the news of the Limousin industry to readers of this great southwest publication.

Through this monthly article we will strive to keep you abreast of Limousin events in the surrounding area.

We, as Limousin enthusiasts, are proud to report the success of youngsters feeding Limousin steers this past show season. Five of the most prestigious steer shows throughout the continental U.S. were topped by Limousin percentage steers. These were to include: Ak-Sar-Den Steer Show in Omaha, Neb., won by Tim Schroeder, West Point, Neb.; The National Western Stock Show, Denver, Colo., won by Greg Hilbert of Algona, Iowa; The Southwestern Livestock Exposition won by Neil Scott, Rising Star, Texas; The San Antonio Livestock Show, San Antonio, won by Juanda Gleason, Muleshoe, and the Granddaddy of them all, the prestigious Houston Pet Stock Show, Houston, Texas won by Pam Esse of Three Rivers, Texas.

These champions as well as numerous other State and County winners have established the Limousin club steer as one of the most sought after items within the beef cattle industry. Limousin percentage bulls have also been in great demand throughout the country. Their acceptance and strong demand was evident at this

past National Western in Denver as commercial cattlemen as well as club calf producers were quick to purchase herd bulls from the car load lots of bulls that were on exhibit in the yard.

The 85 percentage Limousin bulls that were sold through the yards averaged a strong \$888.

Such was also the case at the Houston Livestock Show at Houston where a good set of percentage Limousin bulls averaged a strong \$1418 going to the commercial cattlemen as well as club calf producer.

Just recently, at Timberlake, S. Dak., we saw a strong demand for percentage bulls as 85 bulls sold for an average of \$875 with a top of \$8100 paid for a 1/2 black son of Eleir.

Future bull sales of note will include the Yarkley Bull Sale of Onida, S. Dak. on April 20, 1977, certainly one of the truly premier Limousin breeders in the country, and the Dorechle-Coyote Hills Bull-A-Rama, Chattanooga, Okla., on May 1, 1977, when 25 full bloods as well as 40 percentage bulls will sell.

A new Limousin Show & Sale featuring an \$8,000 premium purse will be held by the Oklahoma State Fair on Sept. 28, 1977, in Oklahoma City. A new and innovative class of steer as one of the most sought after items within the beef cattle industry, at side will be an added feature of this annual event. For further information on this show and sale, please contact the American Cattle Services, Route 2, Chattanooga, Oklahoma 73628.

Dyer-Sims Limousin Ranches Building Top Herds In Texas

Beird, Texas - Dyer-Sims Limousin Ranches are a wide spread, yet closely knit operation which has become one of the larger Limousin producers in North America.

"We know that no one breed of cattle has put it all together for every breeding program", but for us, the Limousins come as close to that as anything we've seen," said Ray Sims, who heads up the Dyer-Sims Limousin operation at Beird.

Sims, an animal husbandry and beef cattle management graduate of Texas Tech who later headed up that university's beef cattle department, and has gone on to be one of the most highly sought beef cattle judges for shows all over the nation, believes the Limousins are now beginning to prove the truth of their advance publicity - that they are some of the most efficient producers of beef that have yet come along.

He cites a little-publicized comparative experiment conducted by the Texas Tech Experiment Station at Spur, Texas a couple of years ago. In that official feed test, a hand-picked set of Black Baldies from the 1966 Ranch at Guthrie, were matched against a set of Limousin-Hereford crosses gathered up from over Texas and Oklahoma. Sims said the Black

A young son of Gandarme whose grand dam was high ranking cow in the Nordic Farms Limousin herd was purchased by Dyer-Sims in the Deux Amis sale.

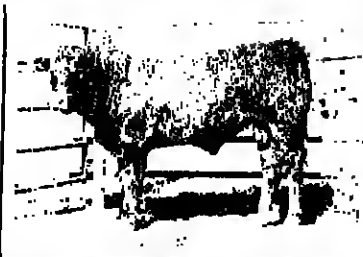

Dyer-Sims

(CONT. FROM PAGE 16)
Baldies averaged about six weeks later and weighed about 40-50 pounds more at start of the test. But the Limousin crosses out-did the Black Baldies in every category of the test.

A pure French Limousin halter in the Dyer-Sims herd at Baird. gained more during the test and outweighed the Baldies by 85-125 pounds at the finish. "They dressed out better and were worth a lot more money at the end of the test when they were slaughtered," he said.

"But the important thing was that the Black Baldies had a feed efficiency of around 9 to 10 pounds of feed to one pound of gain and the Limousin crosses had a 7-1 feed ratio," Sims added.

This three-quarter Limousin bull topped percentage bulls when purchased recently by Dyer-Sims Limousin Ranches for use to their commercial breeding and club calf producing operations.

When you cut two pounds of feed off (that which is necessary to produce a pound of beef, you've really reduced the cost of producing that beef — and that's what the beef game is all about," Sims added.

The Dyer-Sims operations consist of James Dyer and his wife, June, who have about 800 commercial Herefords and Angus at their place at Fort Davis, and are also running about 300 head of percentage Limousins there, and their son, Lewis Dyer, who has a commercial and Limousin operation at Sierra Blanca, and Ray Sims and his wife, Wanda, who have about 300 percentage Limousin cows and will breed about 100 three-quarter and seven-eighths Limousin females this year at the Baird place. The Sims' son, Boxer, also operates a commercial cattle ranch at Haslet where he breeds to Limousin percentage bulls and A. I. a some purebreds.

The Dyer and Sims also bought the Black Chert Farms commercial Angus herd and leased the ranch at Waxahatchie and will be breeding that herd to Limousin bulls.

With Limousin-cross steers having become one of the most popular show animals in the nation, Dyer-Sims have gone into a highly successful club calf production business, their most recent sale averaged \$601, and had a top of \$2,476. Earlier this year, they held a club calf sale at the Houston Stock Show which had a top of \$2,650.

"Now they are preparing for the first all-Limousin bull production sale to be held in late September or early October at Baird in which they will offer about 100 three-quarter and seven-eighths Limousin bulls 20-24 months of age, and will shoot for developing a commercial demand for Limousin percentage bulls.

The Dyer-Sims partnership was formed while Sims was the agriculture agent for Brewster and Fort Davis counties in West Texas.

They have acquired some of the top Limousin bulls available in north America to head up their breeding programs. Sims' chief herd sire has been Leconte Dymond, an Eclairour son bought three years ago in the Saskatchewan sale at Regina from the

**Limousin Steers
Bear Out "Beef
Breed" Designation**

When Judge George Stethern stepped the grand champion steer on the ramp at the Houston Livestock Show in February this year, that made it seven big ones for Limousin.

The same scene was reenacted seven times during the 1973-77 show season by different judges at the Iowa State Fair at Des Moines; at the Eastern National at Harrisburg, Pa.; at the Aksarben in Omaha; at the National Western at Denver; at Fort Worth, at San Antonio, and finally at Houston. Limousin cross steers were named grand champion at all of them.

At the state fair level of shows it was the same story. Limousin cross steers took grand champion honors in all but the on-foot-of-the-caracas show, or both in Colorado, Minnesota, Michigan, South Dakota, and Florida, and in district shows in nearly every

area of the country including Ohio, Central Wyoming, California, North and South Florida, Northeast Kansas, West, North, and Far South Texas, Georgia, Kentucky, and Minnesota.

Steer judges also favored the Limousin crosses in more than 30 county fairs during the season. The North American Limousin Foundation, of course, vary pleased with the recognition accorded the breed during 1976 and 1977, and the Foundation's Executive Vice President, Bob Vantreese, attributed it in part to the USDA changes in the grading standards adopted in February of last year.

"Steer judges are becoming more and more concerned with the yield of a steer," Vantreese said, "and are realizing the economic differences to be found between yield grades."

He went on to say that he believed this record indicates a change in the judging criteria around the country and a move toward an increased awareness of the economics involved in the cattle business even at the junior level.

Kimbell MEDICATED FEEDS ARE MONEY MAKERS

It goes without saying that no program or type of feed can guarantee a profit on a particular set of livestock. However, it is possible to guarantee that with proper management a feeding program will make livestock more valuable — better money makers.

KIMBELL Medicated Feeds Are Designed to Improve Animal Health and Balance Nutrition

This type of program improves the appearance, gives livestock that "good doing" look — this convinces your buyers they are "worth more."

This type of program actually makes your livestock "do better" — control of disease and parasites adds pounds — they are "worth more."

WEATHER: Most of the week was plagued by thunderstorms and heavy rain which prompted several flash flood watches and warnings. Rainfall amounts were around 1 inch in the Trans-Pecos area; 1-1/2 inch in the northern and southern High Plains, Upper Coast, South Texas, and the Lower Valley; almost 4-1/2 inches in the Edwards Plateau and 2-1/2 to 3 inches elsewhere. Temperatures were very near normal for the week except the Trans-Pecos area which was 5 degrees below normal. Soil temperatures at the 4 inch depth averaged in the 70's across South Texas, Rice Belt, and the Trans-Pecos, mid to upper 60's in the Southern High Plains, Blacklands, and East Texas, and in the mid to upper 50's in the Panhandle. Soils were warm enough for planting most crops except for the Panhandle, where soils were warm enough for corn, but still cool for other row crops.

American Brahmental Assn. Sale-Workshop Set On April 30

San Antonio — Dr. J. O. Brumlow, president of the American Brahmental Association (ABA), has announced the newly formed organization's first workshop and all-registered Brahmental sale will be held Saturday, April 30, at the Lone Star Auction in San Antonio, Texas.

The ABA was the first association in the world to establish a registry for Brahmentals. Having been incorporated by the State of Texas on May 22, 1975. The ABA has the name "Brahmental" registered with U. S. Patents and Trademarks Office and with the State of Texas, and the U. S. Trademark is now pending.

The workshop beginning at 10:30 a.m., April 30, will be to familiarize Brahmental breeders with the inspection and classification system used by the ABA. It will be followed by inspection of the sale cattle.

Dr. John H. Forris, vice-president of the ABA, will conduct the workshop which will include a detailed explanation of the Standard of Excellence, the inspection and classification chart, and the acceptable breeding-up chart. A question and answer session will follow.

The sale will offer approximately 80 head of the finest selection of Brahmental cattle available for purchase anywhere. Dr. Brumlow said.

There will be 20 foundation bulls of pure Brahman and Simmental heritage. These bulls include one of the very scarce three-quarter Brahman, one-quarter Simmental needed for three-quarter Simmental and purchased Simmental females to produce three-eighths Brahman, five-eighths Simmental calves. Bulls of this type are very hard to obtain now, and such bulls of the quality being offered in this sale cannot be found elsewhere, Dr. Brumlow said.

Females to be offered include three excellent cows with pure three-eighths Brahman, five-eighths Simmental bull calves at side. These calves are among the very first three-eighths, five-eighths cross bulls ever born. There will also be five purebred Simmental heifers bred to produce three-eighths, five-eighths calves.

Royal Charolais All-Polled Bull Sale Set May 7

Greensburg, Pa. — A first in Charolais sales will be staged May 7, 1977 with the Royal Charolais All-Polled Bull Sale to be held at Greensburg, Pa. The sale will feature an offering of 30 Polled Charolais sons of SHF Sir Royal Sam 1st, the first and only Polled Charolais, National Champion Bull.

All bulls have been performance tested, fertility tested and eligible for shipment anywhere in North America. Semen evaluation will be given with every bull and data on performance testing is available. Royal Charolais guarantees no calving problems or a full refund of purchase price.

Royal Charolais will deliver any bull in this sale for \$50.00 to any point in the United States.

Sale manager is Buzz Garey. Auctioneer will be Buzz Garey. For catalogs and reservations contact: Royal Charolais Company, W. Logan Dickerson, Owner, Box 160, Youngwood, Pa. 15697, 412/836-1802.

Ellison's Hereford Bull Sale April 30

Calvert, Texas — Ellison's Herefords will sell 52 Hereford Bulls at Auction, April 30, 1977. Sale time is 1:00 p.m. at the Calvert Commission Company at Calvert, Texas.

The offering is made up of serviceable age bulls, 2 to 3 years old. For information contact Dick Ellison and Sons, Route 1, Rosebud, Texas 76707, 817/683-2546, Wright Ellison 817/683-2639.

Consult us now about your livestock marketing needs. We offer complete, friendly, competent service.

CASSIDY COMMISSION COMPANY

Fort Worth, Texas 624-2121

The sale will be highlighted by sale of Cherokee Arauto 538, a son of Cherokee Arauto 372. Also selling will be 10 bulls, including three herd bulls; 20 heifers that are 14-20 months old; and 55 cow-calf pairs.

Because of Berry's death, these cattle will be sold. The quality of these cattle could not easily be duplicated and they offer each Red Brahman breeder an excellent opportunity to enrich the value of his breeding program.

Further information is available from John Watson, sale manager, Watson Cattle Service, Route 1, Box 91, Devine, Texas 78016, phone 512/662-2740; or Larry Perry, phone 713/632-7105.

**Brown-Johnson
Beefmasters
Gross \$132,740**
Comanche, Okla. — The 2nd Annual

Beefmaster Sale held by Fred Brown, Dumas, and Mickey Johnson, Comanche, Okla., at Farmer-Rancher Stockyards here April 1 grossed \$132,740 on 185 lots for an average of \$985. Bert & Ruben Reyes, San Antonio, and Henry Elder, Fort Worth, were sale managers and auctioneers. Fifty bulls averaged \$1,010, 65 cows with calves averaged \$1,015, and 80 bred heifers \$840. The top 10 lots averaged \$1,875, top 10 bulls \$1,835 and top 10 females \$1,580.

Harrell Cattle Co., Gonzales, Texas, paid \$2,400 for the top selling bull, Johnson consignment. Three other bulls, all from Brown's herd, sold for \$1,600 each, one to Laurence Rother, El Reno, Okla., one to Phillip O'Neal, Oklahoma City, and one to Heifer Production Co., Alma, Okla.

Johnson had all three top selling females, one of which went to Frank Gordon, Kaufman, Texas, for \$2,400; one to Gene Thompson, McNeill, Minn., for \$2,000; and one to Leo A. Jaskl & Sons, Pleasanton, Texas, for \$1,600.

Major buyers: Phil O'Neil, Gaa Sabo, Texas; Harrell Cattle Co.; Owens Beefmasters, Wellington, Texas; Tullis Beefmasters, Burk Burnett, Texas; Double Dollar Beefmasters, Sparks, Okla.; Calvin Argo, Hollis, Okla.; Ronald Turley, Gerontimo, Okla.; Wayne Howl, Arlington, Texas; Jim Ritchie, Tulsa; Schutte Beefmasters, Lipan, Texas; Frank Kramer, Graham, Texas; and Beaman Beefmasters, Avery, Texas.

Heyser Angus Farm 2nd Annual Selected Heifer Sale Results

The second annual selected Angus heifer sale results were very good with a 67th Average of \$485.00 on April 9, with most of the heifers going as 4H & PFA projects. This in itself tells what kind of heifers were offered. The heifers were consigned by ten of the top registered Angus ranches to Montana. The top selling heifer came from Charles McRae, Big Dry Ranch, Jordan, Mont., and bought by Robert Moore of Oberlin, La. for \$1,000. The

next two top selling heifers brought \$950 each. They were both from Heyser, one bred by Ross Reed of Jordan, Mont., and bought by Scott Foster of Ranger Tex., the other heifer was bred by the Lund Ranch of Wibaux, Mont., and bought by Jean Daryl Lee of Humble, Texas. Volume buyers of the sale were Dr. J. W. O'Hanlon of Snyder Tex. purchasing 12hd, and Gary W. Womack of Bridgeport Tex. buying 8hd.

Eight heifers were purchased at the help of \$375 Scramble Certificates won by these young people while they attended the Lower Livestock Show, either by high school judging, or catchin' scramble calf at the rodeo. The heifers will compete in a class only to scramble certificate purchased heifers, as well as in the Junior Show in Houston next year.

same young hellion for one more term. As is usual in these affairs, they sent any sort of commonality in the pros & cons and the usual problems about how to handle minorities come up. What is hard to understand is why a member of a minority has to be treated any different from the averagage student.

This fuzzy sort of thinkin' seems to be what causes most of the trouble between the so-called minorities and the non-minorities, whoever they be. Some rather interestin' discussion is takin' place in California, one of our most prolific incubators of different type thought. Out there they are

figgerin' that if th' teachers and school systems do not teach Johnny & Jane th' fundamental skills of readin' & writin' & arithmetic, it seems likely they got basis for a malpractice suit. Malpractice seems to be th' hottest thing goin' on at th' Legal Eagles crowd th' courthouse all over th' land and as a rich vein of gold it has proven far better than any of th' old Gold Rushes in th' Old West or Alaska.

If this malpractice Capoe becomes widespread, th' potential is limitless. We can see th' crooked car dealer or mechanic for malpractice. We can see th' store & clerk that sold us that gutless watch or watchin' machine that don't for malpractice. Better yet, th' butcher that sold us that tough meat, or roset with two pounds of tallow tucked out of sight, should be a prime target for a malpractice suit.

There really aint any good reason not to sue th' local police for malpractice when they fail to enforce th' laws agin noise, speeders and drunk drivers. This could set off a chain reaction, and it would be reasonable to sue th' judge and/or jury that turns loose known habitual criminals or gives 'em a slap on th' wrist so they can get right back out on th' street and prey on you & me.

There aint no good reason why Juvenile Authorities ort not to be sued for malpractice when they repeated fail to discipline chronic offenders, because they are a little young but just as deadly as their older counterparts.

Just imagine how many ways you could sue th' City Haulers and Courthouse Clowns for malpractice. It staggers th' imagination. Th' most fertile field of all would be malpractice suits in Washington. You could sue th' President for somethin' he does or don't do just about every day, and Congressmen & Senators, Ho, Boy! Professional Politicians at just about

everywhere. You could sue th' local police for malpractice when they fail to enforce th' laws agin noise, speeders and drunk drivers. This could set off a chain reaction, and it would be reasonable to sue th' judge and/or jury that turns loose known habitual criminals or gives 'em a slap on th' wrist so they can get right back out on th' street and prey on you & me.

Just imagine how many ways you could sue th' City Haulers and Courthouse Clowns for malpractice. It staggers th' imagination. Th' most fertile field of all would be malpractice suits in Washington. You could sue th' President for somethin' he does or don't do just about every day, and Congressmen & Senators, Ho, Boy! Professional Politicians at just about

everywhere. You could sue th' local police for malpractice when they fail to enforce th' laws agin noise, speeders and drunk drivers. This could set off a chain reaction, and it would be reasonable to sue th' judge and/or jury that turns loose known habitual criminals or gives 'em a slap on th' wrist so they can get right back out on th' street and prey on you & me.

Beef Referendum (CONT. FROM PAGE 1)

The Beef Board could initiate a broad spectrum of projects to improve beef production, distribution, and marketing and to insure that an adequate, steady supply of beef is available to consumers. Such a program could include consumer education and information and research on a wide variety of subjects.

All levels have to be more guilty of malpractice than anybody. Just think of all th' possibilities of malpractice suits you could file agin th' Bureaucrats in th' Food & Drug Administration, for example. Not to mention th' EPA, Corps of Engineers, Federal Trade Commission, HEW, or th' IRS, at al.

Yap, that's our answer. Just get us a good lawyer with fangs a foot long and chase all of these inefficient monkeys straight to th' Courthouse and start gittin' shed of some of our problems. Ever thine, The Edtlar.

P.S.: Uncle Dunk says somebody chided him about sayin' it looked like WW III was hatchin' in Africa, and reminds you to read you daily paper if you think just about everybody aint mixed up in several fine lights over there. Dunk says he has been lukin' warm about Jimmy Carter's Energy Program, but is warnin' up to it some since Ralph Nader and Geo. Meany started knockin' it. Anythang them two are agin, has to have some merit. Dunk notes some whispers around that Nader is leavin' considerable doubt, since th' public realized he is one of those No Growth Nutz, who want our world to stand still. Dunk wishes Jimmy Carter would get wise to th' fact he has another Harry Kissinger in Zbigniew Brzezinski, who is givin' Secy. of State Vance th' runaround. Main reason Dunk wants Ziggy gone is its too much trouble to spell his name! — Thasall, Brothers!

product development, and improving production efficiency. During the first three years of operation, the Beef Board could collect assessments of up to three-tenths of one percent of the value of all cattle sold. After that, under the Beef Research and Information Act, the rate of assessment could be changed but could not exceed five-tenths of one percent. Producers not wishing to participate in the program could have their assessment refunded.

Under the Act, before an order could go into effect, eligible producers must vote on it in a nationwide referendum conducted by USDA's Agricultural Stabilization and Conservation Service. Producers must register to vote in a referendum. For approval of an order, at least 50 percent of those registered must vote, and two-thirds of them must favor the order.

According to the referendum rules proposed, eligible producers would have two weeks to register to vote at their local ASCA office. Then, be-

lone be completed ten days prior to voting, there would be a two week interval, followed by a two week voting period. The proposal does not specify dates for these steps, but USDA officials anticipate that registration could begin about June 13.

The proposed referendum rules, which would apply also to any other future referendum on this program, are scheduled for publication in the April 15 Federal Register.

Copies will be available from: Program Operations Division, ASOS, U.S. Department of Agriculture, P.O. Box 2415, Washington, D.C. 20013. Interested persons can comment on the proposal until April 30. Send five copies of written comments to: Hearing Clerk, Room 1077-S, U.S. Department of Agriculture, Washington, D.C. 20250.

The Beef Research and Information Order also is scheduled for publication in the April 15 Federal Register. Copies will be available from: Livestock Division Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250.

Texas Polled Hereford NEWS

BY MIKE HUDSON

The Central Texas Polled Hereford Association "Show and Tell" Field Day will be held May 14 at the D.A.R.-J Ranch near Blum and Dulick Stock Farm near Morgan. Polled Hereford cattle from about a dozen ranches in the Central Texas Area will be on display. Promotion and management will be the topic of discussion as three Polled Hereford breeders and a representative from the American Polled Hereford Association present their ideas on these timely topics. The program should be especially interesting to new breeders.

Registration for the CTPHA "Show and Tell" Field Day will begin at 9:30 a. m. at the D.A.R.-J Ranch located south of Rio Vista, Texas on State Highway 174. The West Texas Polled Hereford Association has announced plans to again sponsor a bull test at the Abilene Christian University, Abilene Farm at Abilene, Texas on the 112 day test are to be delivered to the testing facility on July 15-16 and the test will be concluded December 10. Entry forms will be mailed from the Texas Polled Hereford Association office in Dallas. Interested parties should contact Jean Abbey, Secretary WTPHA, Route 1, Coleman, Texas 76804, or TPHA, Box 70, Rio Vista, Texas 76809.

The first major area sale of Polled Herefords will be the Bel-Mar Acres dispersal at Gilmer, Texas, May 7. Selling are 276 lots of Polled Hereford cattle, a total of 378 head. Included are 140 cows and calves, 34 bred cows, 11 bred heifers, 41 open heifers, 23 yearling bulls and 7 herd bulls. Bloodlines represented include Victor Domino, Mesa Domino, Domestic Mischief and Lamplighter.

Kelsey's Polled Hereford Sale Set May 7, Chetopa, Kan.

Chetopa, Kan. — Carl Kelsey's Polled Hereford Farm's Spring Sale will be held Saturday, May 7, beginning at 12:30 p.m. at the farm located five miles north and two miles east of Welch, Okla., or six miles south and two miles east of Chetopa, Kan.

Selling will be 120 lots including 21 bulls; 60 cow-calf pairs; 22 bred heifers and 17 open heifers. The bulls include three sons of Kelsey's herd sire, JFG BJS OG, a son of OG Domestic Anx 3719; Supreme Lamp OG 0818, an Ogechee-bred bull who has done a tremendous job; and RHR Mesa Lamp 10. The pairs are all young cows with several big, fat calves at side and the remainder spring calves, and carry the service of JB Moative Trojan, RHR Mesa Lamp 10; KLR Ben Anxiety 440; JE BJS OG, OG De-

Deadlines, Judges Set For Nat'l Junior Polled Hereford Show

Judges and entry deadlines have been announced for the fourth National Junior Polled Hereford Show and Forum scheduled for July 12-15, 1977, at the Oklahoma State Fairgrounds in Oklahoma City.

Judges for the show on July 14-15 will be Dr. Bill Able, Kansas State University, Manhattan, Kan.; Dick Hubman, Little Beaver Creek Ranch, ee, Huson, Mont.; and Gail Long, Ada, Ohio. Devo Anderson of Tjerdas Farms, Gibson City, Ill. 1976 Polled Hereford Hardsman of the year, will be the showmanship judge.

All junior members of the American Polled Hereford Association and their 1976 horn Polled Hereford heifers are eligible for the show. Ownership deadline is May 2, 1977, and deadline for entries will be May 16.

Events begin with forum and council activities on Tuesday afternoon, July 12, and continue with a Polled Hereford judging contest Wednesday morning, July 13, followed by a program titled "Polled Hereford Juniors... On the Move."

Showmanship competition and championship selection are scheduled for Friday, July 15.

Sponsoring organizations, in addition to the APHA, are the junior and adult Oklahoma Polled Hereford Association, Oklahoma's 4-H and FFA groups and the Oklahoma City Chamber of Commerce.

Entry forms, rules and regulations for the show were mailed to all junior APHA members. Interested youth who do not receive the information should write the American Polled Hereford Association, Youth Activities Department, 4700 East 63rd St., Kansas City, Missouri 64130.

FDA PLANS TO BAN ANTIBIOTICS IN ANIMAL FEEDING

Proven, is that scientists fear the subtherapeutic doses in feed to stimulate growth would result in strains of germs and bacteria immune to these drugs, which could present a hazard to humans in need of antibiotics to protect against these organisms.

Kennedy said FDA agreed that the finding of NAFDC that there was no need for a change at the present time, but noted that the full committee did not agree entirely with the subcommittee which made this recommendation. Kennedy said FDA recognized that these drugs are needed for disease control, but pointed out that even in these cases the effort to develop alternate drugs to completely replace antibiotics should be vigorously pursued.

ROOF COATINGS
 Old roofs of composition shingles & old cedar shingles can be extended many years. A new coat applied by brush, M.A. BLACK is a mineral asphalt that dries in 30 minutes. Being thin, it penetrates the cracks and can, by itself, stop most leaks. Not a tar. T.M. WHITE is a white coating developed especially to be brushed over the old roof. Either may be used without the other. Best recommendation is that the M.A. BLACK be applied and then two coats of T.M. WHITE. This very permanent repair, at a cost of less than a new roof. The white surface contributes much to cooling in summer. This is our 24th yr. Write for our catalog. We ship same day order is received.

Mayfair Ranch F-1 Female Sale Set April 23, Brenham

Brenham—George Butler, owner, and Jim Theack, manager, will host the Mayfair Ranch's first annual Bluebonnet F-1 female production sale on Saturday, April 23, beginning at 12:30 p.m. in the Brenham Livestock Commission Company here.

Selling will be 450 calfhood vaccinated females in groups including 150 Brahman-Angus crosses ready to breed; 100 Brahman-150 Santa Gertrudis BXHF that are eligible for grading-up program in Santa Gertrudis International and ready to breed; and 60 Hereford crosses ready to breed; and 60 F-1 cows bred to Santa Gertrudis bulls.

All heifers are dehorned.

Mayfair Ranch has been producing top F-1 cattle for a number of years along with maintaining one of the top Santa Gertrudis herds. The cattle may be seen at the ranch anytime.

The owners also urge everyone to attend the Heritage Home tour in Brenham on April 23 and 24. Information is available from George Butler, owner, Mayfair Ranch, or Jim Theack, manager, Route 6, Box 215, Brenham, Texas 77833, phone 778/686-8653; or the sales managers and auctioneers, Bolton & Britten, Dravney G. Bryan, Texas 77801, phone 778/252-4384 or 582-0001.
